# ASTRO FANTASIA

YOUR BATTLE IN THE ASTRO ZONE COMES TO AN EXCITING CLIMAX WHEN THE GIANT "ASTROGON" APPEARS. YOU NEED SIX "DIRECT HITS" TO DESTROY ASTROGON AND YOUR FUEL IS RUNNING OUT. WATCH OUT ASTROGON IS TERRIBLE!

## HOW TO PLAY "ASTRO FANTASIA"

1. Insert coin(s) and push 1 or 2 player button to start.
2. Use the lever to move your spaceship up down or across screen. Push the button to fire.
3. Your missiles have a limited range and you must move your spaceship forward to hit those aliens far out in space. You can fire a salvo of four missiles in succession.
4. Watch your fuel. You must destroy astrogon before you can refuel.

5. After you have destroyed 42 aliens astrogon appears and moves across and up and down screen in its deadly attack.
6. You must "DIRECT HIT" astrogon's green control column five times before you have a clear shot at its brain. The sixth "DIRECT HIT" will enter the brain and explode the creature. Now you can refuel and begin the next pattern.
